HUNGRY ANIMALS

Carly Madden and Natalie Marshall

In *Hungry Animals*, children are presented with a series of bright and engaging wild animals, each with their mouth open (a v-fold pop-up), eagerly awaiting a tasty treat. The child can choose which snack (a 'dangly' hanging from the spine of the book) they will feed to each safari animal. This delightful series of pre-school books encourages young children to engage with the book and converse with the parent or carer, form connections between the animal characters and what they like to eat, and to practice hand-eye coordination through play. They can choose to either pick the correct food to give each animal, or can engage in 'silly play' by offering knowingly inappropriate foods to each character.
